

# VMock Mock Interview

## How-To Guide

VMock Mock Interview platform, targeted toward the desired career, leverages state-of-the-art techniques in Computer Vision, Natural language processing, and Machine Learning to help users unlock their full potential in interviews. The platform offers real-time guidance which is customized to each user's career aspirations. It aims to deliver pointed feedback on pertinent interview parameters so as to allow maximum conversion of an interview attempt. Users also gain actionable guidance in the form of samples such as tutorial videos and articles for each feedback module.

### KEY BENEFITS

#### NON-VERBAL

Focuses on your body language & provides insights to create a better visual impact on the recruiters

#### DELIVERY OF SPEECH

Analyzes speech on certain audio parameters & provides feedback symbolizing confidence in interview speech

#### CONTENT STRENGTH

Evaluates the content to check the structure and presence of necessary elements in the interview response

### SALIENT FEATURES

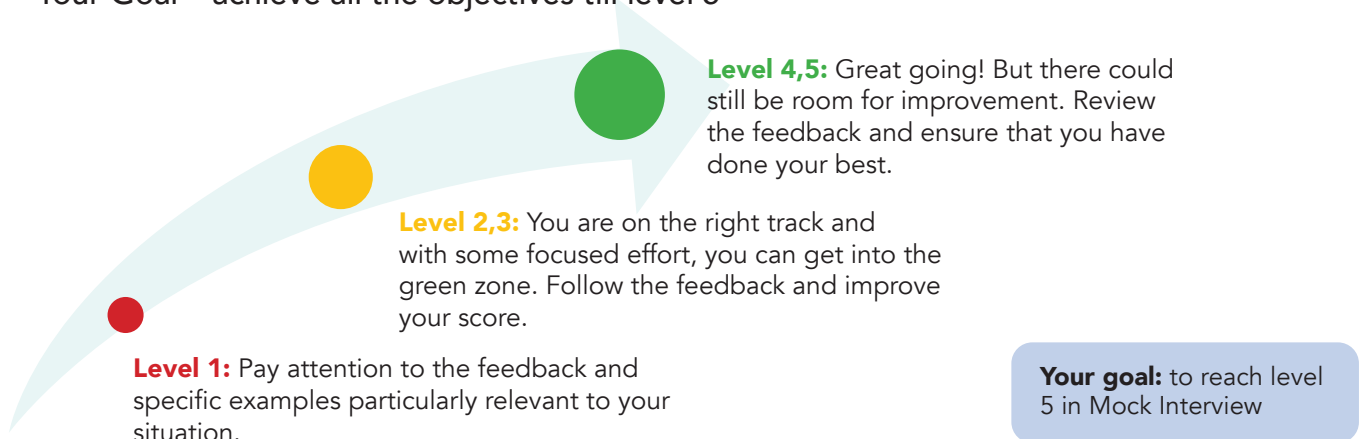

- ▶ VMock Mock Interview platform provides built-in mock interview sets for 100+ career tracks for students to practice.
- ▶ Students can create their own custom mock interview from the question library section on the platform or ask their peers and coaches to create one.
